

Dear FCC,

Regarding: **13-86 FCC Reduces Backlog of Broadcast Indecency Complaints by 70% (More Than One Million Complaints); Seeks Comment on Adopting Egregious Cases Policy**

Thank you for seeking public opinion about changing nudity and profanity regulations. This is a serious problem in television today. There is very little material that we feel is appropriate for young children to watch during the evening hours. Please do not relax the nudity and profanity regulations as this will only decrease the amount of appropriate material for young children. We are increasingly forced to use other means of finding information and gaining entertainment, as television stations choose to air unsuitable material.

Thank you for your cooperation.

Best,

Michael Holmes
